

FOR THE ATTENTION OF THE FLEET MANAGER

◆ COMBO PLUS ◆™ THE TRIPLE FUNCTION SPEED LIMITER

◆ **Option 1 Top Speed Limiter**

Major fuel saver, the perfect answer for curbing drivers speeding on the motorway and dual carriageways with the additional benefit of reductions in Co2 emissions.

◆ **Option 2 Rev Control**

When vehicles are predominantly used for town or urban use where over revving is more of an issue than top speed limiting then rev control comes into its own providing

◆ **Option 3 Reversing Speed Limiter**

This option does exactly that, it can be set at very low speeds and comes into operation once reverse gear is engaged.
